Kaufmanniana. Soft yellow, tinged crimson; very early..... 60.00

Sylvestris. Golden yellow; very fragrant..... 35.00

MENDEL TULIPS

These Tulips are crossings between the very early Duc Van Thol varieties and the strong-stemmed Darwins, thus producing an early type of tall-stemmed Tulips with entirely new colors. We are only listing a few of the most outstanding varieties which have proven satisfactory both as cut flowers or pot plants.

1000

April Queen. Delicate pink, pure white center; medium early.....\$26.00

Brahms. Pink with white border..... 26.00

Christmas Surprise. Lively pink; large, pointy flower; very early.... 40.00

Speaking of Dutch Bulbs

Being brought up in the bulb fields of Holland and having been actively engaged in the growing and selling of bulbs since early boyhood, I naturally have a big advantage over most of my American competitors in that I know the different soil conditions and methods of growing by the different growers in Holland and consequently am not handicapped in finding the right source of supply. Therefore you can place your order with us fully confident that you will receive the best quality for your needs.

Our prices are not higher than those from reliable Dutch competitors but even if they were slightly higher, it would pay you to use my knowledge of the business rather than depend on some grower who may or may not have a good crop.

It is most essential that you place your order early so that we can select the best quality from the best source. Do not wait till Fall and expect the same service. Sit down right now and send your order in and let us do the rest of the worrying.

Please Note—We are only listing the best suitable varieties for this country. If there are other varieties you wish, we have them, just name them.

TERMS—All prices are f.o.b. New York, cases and packing included. Duty and freight etc. will be collected on arrival but deducted from your bill. Payment sixty days net, 2%, 10 days.

NON-WARRANTY—Although we pledge ourselves to ship only the best quality stock true to name and colors, we cannot warrant in any way, expressed or implied, the contents, or the description, quality, productiveness or any other matter of any seeds, bulbs, or plants sold by us, and we will not in any way be responsible for the crop. If the purchaser does not accept the goods on above terms, no sale is made thereof and goods must be returned within three days.

The special prices quoted in this catalogue are subject to change without notice.
